25X1 Comment. The number of loaded refrigerator cars reportedly entering the Soviet Zone of Germany on route from the U.S.S.R. increased from 66 in February to 305 in March. Whether this increase is actual or apparent cannot be determined

25X1

25X1 It is believed that the butter and lard deliveries will be for both civilian and military consumption. A total of 700 to 800 refrigerator cars are available in the Soviet Zone.
